Intertype wide tooth matrices will run on other line composing machines.
SHADOWS WERE CREEPING UPON THE RICH GRASSY GLADES OF THE FOREST, AND AT THIS LATE HOUR
Shadows were creeping upon the rich grassy glades of the forest, and it was at this late hour that he set out on his quest. So far as he could plan, he would go by way of the winding path, to the far end, down by the dell, and wait until sun-down. He was in no very placid state of mind, yet it was his anxiety as well as the fact of his promise to call at Don's, that

VERY BEAUTIFUL, THESE MODERN BARI FURNISHINGS

SMART • VERY SMART
and they never lose their modern splendour

Furnishings smart enough to excite excusable envy, comfortable enough to make energetic movement absurd, sophistication broad enough to compliment the grandeur of a perfectly marvellous evening gown or an immaculate dinner suit. No inquisitive mind into the “what’s new” of good furnishing can be completely satisfied without seeing Bari’s modern manner. Home Planning booklet awaits you

Admirable for Many Newspaper and General Jobbing Headlines

HIGH LETTERS-PER-LINE COUNT

Condensed typefaces are always in high favour for their ability to accommodate a large number of characters in the line. And of the numerous condensed typefaces available, Bodoni Bold Condensed serves admirably its purpose of saving linear space with a commendable retention of legibility.

Complementing other members of the Bodoni family, it adds a clean, tailored appearance to the newspaper page and is equally effective in the work of the jobbing printer—as suitable for the advertisement and jobbing display line as it is for the newspaper headline. Both 18 point and 24 point founts run in standard 90 channel main magazines. Additional sizes are in preparation.

MEMBERS OF BODONI FAMILY

In addition to the display sizes of Bodoni Bold Condensed, the Intertype Bodoni family includes Bodoni Book, Bodoni, Bodoni Bold and Bodoni Modern each with its complementary italic. This comprehensive family, with its clean, precise design, is often a favourite in the typographic world and consequently a busy type face on the Modern Intertype keyboards.

HOW TO ORDER MATRICES

When ordering Intertype matrices, please state the point size and the face number of the fount required, as well as the model of machine on which the matrices are to run.

24 point and
18 point
SINGLE LETTER MATRICES

MADE ON WIDE TOOTH MATRICES

Long Life Wide Tooth Matrices Preferred

The extra wide teeth of Intertype matrices achieve three things: freer running on the distributor bar, a straight hang with a direct straight drop into the magazine channel entrances, and longer service due to the larger bearing surface the wide teeth provide. Choose Intertype matrices—they also run on other line composing machines.

BRILLIANT RANGE INTERTYPE MODELS

Choice to Suit Varied Typesetting Needs

Single Distributor, Double Distributor Mixers, Extra Display capacity machines, and the High-Speed models for manual or teletypsetter operation—all precision made for trouble-free keyboarding—provide a comprehensive range of machines from which may be selected a model particularly suited for specific as well as general work. Each model may be selected with appropriate magazine equipments, and be fitted with time-saving auxiliaries further to increase output.
